RTI/4028/01-02F

FINAL

BASELINE ASSESSMENT

WESTERN SPACE AND MISSILE CENTER (WSMC)

JULY 1989

Prepared Under Contract No. DTR-57-87-C-00116

By

**RESEARCH TRIANGLE INSTITUTE
CENTER FOR SYSTEMS ENGINEERING
FLORIDA OFFICE**

Mr. Loyd C. Parker
Mr. Jerry D. Watson
Mr. James F. Stephenson

For

**U.S. DEPARTMENT OF TRANSPORTATION
OFFICE OF COMMERCIAL SPACE TRANSPORTATION
WASHINGTON, D.C. 20590**

TABLE OF CONTENTS

	Page
Table of Contents	i
List of Figures	v
List of Tables	vii
A. General Information	1
1. Range History/Experience	1
2. Organization	2
3. Western Test Range	2
a. Complexes and Facilities	6
b. Local and Downrange Instrumentation Sites	13
B. Capabilities Assessment	14
1. Mission Capabilities	14
2. Instrumentation Capabilities	14
a. Radar Systems	16
b. Telemetry Systems	18
c. Optical Systems	19
d. Flight Termination System	20
C. Commercial Launch Vehicle Information and Description	24
1. The Atlas Launch Vehicle	24
a. Description	24
b. Hazards	24
c. Trajectory	24
d. In-Flight Events	24
e. Atlas Airborne FTS	26
2. The Delta Launch Vehicle	26
a. Description	26
b. Hazards	26
c. Trajectory	28
d. In-Flight Events	28

e. Delta Airborne FTS	28
3. The Scout Launch Vehicle	29
a. Description	29
b. Hazards	29
c. Trajectory	29
d. In-Flight Events	29
e. Scout Airborne FTS	31
4. The Titan Launch Vehicle	31
a. Description	31
b. Hazards	31
c. Trajectory	31
d. In-Flight Events	31
e. Titan Airborne FTS	33
D. Safety Assessment	33
1. Policies and Procedures	33
a. Range Safety Responsibility	33
b. Hazardous Operating Procedures	35
c. FTS Requirements	35
d. Safety Waivers	36
2. Safety Organization	36
a. Flight Analysis Division (WSMC/SEY)	36
b. Missile Flight Control Division (WSMC/SEO)	36
c. Launch Operations/Industrial Safety Div. (WSMC/SEM)	38
d. Missile Systems Safety Division (WSMC/SES)	38
3. Range Safety Personnel Training	38
a. Range Safety Officer	38
b. Senior Range Safety Officer	43
c. Flight Safety Engineering Analyst (FSEA)	44
d. Flight Safety Project Officer (FSPO)	47
4. Missile Flight Control Systems and Support Personnel	49
a. Real-Time Data Controller	49

b. Acquisition Data Systems Controller (ADSC)	52
c. RSO Console	52
d. Telemetry Display System Console	52
e. Central Command Transmitter Console	52
f. Computer/Display System	55
g. Surveillance Control/Duty Air Controller (DAC)	55
h. Automated Train Surveillance System	57
i. Sky Screen	57
j. Communications	57
k. Emergency Response	58
5. Safety Restrictions	58
a. Flight Azimuths	58
b. Danger Areas	58
c. Impact Limit Line	60
d. Destruct Lines	60
e. Debris Patterns	60
f. Impact Areas	66
g. Mission Rules	66
h. Range Safety Critical Items	67
i. Launch Area Risk Analysis (LARA)	67
6. Toxic Propellants Hazards	68
a. General	68
b. History	68
c. Toxic Exposure Protection	69
7. Safety Analysis	72
a. Introduction	72
b. WTR Launch History	72
c. Public Exposures to WSMC Space Launches	73
d. Launch Vehicle Hazards	77
e. Launch Area Public Risk Assessment	78

E. Summary of WSMC Baseline Assessment	82
1. Trajectories	82
2. Flight Termination System	82
3. Flight Safety Procedures & Data Systems	82
4. Staffing	82
5. Instrumentation	82
6. Vehicle Size	83
List of References	84

LIST OF FIGURES

FIGURE NO.	DESCRIPTION	PAGE NO.
1	WSMC Organization	4
2	Western Test Range	5
